### Interest & Preference Indicator Graph

Legend: Y-72 (Yellow), R-76 (Red), B-35 (Blue), G-30 (Green)

Energies above the mid-line (54) are your preferred energy styles, those energies we like about ourselves and like to display to others. We easily connect with others who display these energies.

Energies below the mid-line are the energies you are reluctant to use and prefer not to display to others. We tend to disconnect with others who have a preference to displaying these energies.

## THE STIMULATOR

### Will stay connected when others:

- Are driving for success
- Keep to the point
- Respect the Stimulator's ideas and opinions
- Ask the Stimulator for their thoughts and ideas
- Are openly willing to share
- Keep things moving

### Tends to disconnect when others:

- Are being negative and non-communicative
- Limit the Stimulator's range of ability and opportunity
- Restrict the Stimulator's desire to take on new challenges
- Hamper the Stimulator's ability to network their peers
- Impose too much formality and structure

### What Stimulators like people to know about themselves:

- That they are friendly, outgoing, and full of life
- They are great at motivating others to succeed
- Failure doesn't stop them from finding another way to succeed
- They don't stand around waiting for something to happen; they make it happen

### What Stimulators don't recognize or like to admit in themselves:

- They have a low level of tolerance for people who are slackers
- They enjoy multi-tasking, but too often take on too many tasks
- One of their greatest fears is that people will not recognize them for their contributions

### Some things Stimulators want others to see in themselves:

- **Who I am:** Enthusiastic and dependable
- **Purpose:** Strive to understand the big picture
- **Value to the organization:** Vision, inspiration, energy
- **Under stress becomes:** Aggressive and demanding
- **Worries about:** Being a failure
- **Would be more successful by:** More analysis, stop and think things through, view more of the details and less of the big picture

### Things you rarely observe Stimulators doing:

- Not setting and writing down their goals
- Failing to take over when things stop progressing
- Not willing to take on new challenges

### How to be in touch with Stimulators:

- Understand that they are motivated by the challenges in life
- Appreciate their pioneering spirit
- Give them opportunities to stretch
- When you recognize them for success, recognize them publicly
- Honor their spirit and desire to climb tall mountains

### Those who really understand Stimulators say:

- "They know how to make people around them feel special."
- "They inspire others to succeed beyond their wildest imaginations."
- "They are great leaders."
